

MORNING MEETING TOOLKIT

Hantavirus Training

GOALS: *At the end of this session, your crew should be able to:*

- Know what Hantavirus is.
- Explain the importance of PPE.
- Describe proper cleanup and disposal procedures.

WHAT DO I NEED?:

- Handouts of Hantavirus Fact Sheet
- PPE required--gloves, N100 Masks
- Mouse Traps
- Hantavirus kit

FLOW:

- Handout review of Fact sheet and review
- Demonstrate proper use of PPE and explain why we use it
- Demonstrate proper procedures of a cleanup with the Hantavirus kit
- Demonstrate how and where to set traps and discuss frequency of checking them.

NOTES:

- People have died from Hantavirus.
- Some parts of California have a very rate of Hantavirus.
